

# 8-Hour HAZWOPER Refresher Certification Class

*Brought to you by:*

&

OSHA requires the worker to take a HAZWOPER Refresher Certification course for workers on hazardous waste sites. The course includes classroom learning, realistic hands-on activities and certifies the worker to do hazardous waste work for 12 months. Current certificate must be within 3 months of expiration or have already expired within past 3 months.

**January 11, 2012 8:30am - 4:30pm**

**To be held at: 320 Campus Lane, Fairfield**
